FOOD SECRETARIAT

Passes orders revising the composition of Foodgrain Rations with effect from the 20th August 1946.

READ—

Government Order No. SD. 5741-52—R. 50-45-14, dated the 14th February 1946, revising the scale of foodgrain rations throughout the State.

2. Letter No. B1-P. R. 89—46-7, dated the 1st August 1946. from the Director of Food Supplies, proposing a slight revision in the composition of the rations fixed in the above Government Order having regard to the grains expected to be received under the allotments to be made by the Government of India.

ORDER No. S. D. 1663-73—R. 55-46-3, DATED BANGALORE, THE 14TH AUGUST 1946.

Government are pleased to direct that the composition of the rations fixed under the Government Order of 14th February 1946, read above, be revised as under, with effect from the 20th of August 1946 :—

Areas	Card-holders	Rice ozs.	Scale of rations per adult per day: Wheat ozs.	Millets ozs.	Total ozs.
Rationed ..	"A" Class	7·2	4·8	...	12
	"B" ,,	2·4	2·4	7·2	12
Non-Rationed urban areas.	"A" ,,	7·2	4·8	...	12
	"B" ,,	2·4	2·4	7·2	12
Rural ...	"A" ,,	2·4 rice or	7·2	2·4	12
	"B" ,,	2·4 millets.	4·8	4·8	12

(i) Children below eight years of age will be allowed half the above scales of rations.
(ii) Heavy manual labourers will get the same ration as "B" Class *plus* 2·4 ozs. of additional wheat or wheat products.

As the total quantities of the kinds of grains received under the allotments made by the Government of India vary from time to time, the Director of Food Supplies is empowered to vary the composition of the rations, when necessary. The overall rations should, however, be maintained at not less than 12 ozs. throughout the State including the rural areas and the rice rations for "A" class card-holders in the first two categories should not fall below 7·2 ozs. If, for extraordinary reasons this were not possible, prior approval of Government should be obtained to reduce the overall ration or the rice component.
